

During the Spring Term 2021, The Foundation Stage Team at Glen Hills are currently completing their training to be able to implement the 'Nuffield Early Language Intervention' Programme (NELI).

This programme targets children who need additional support with their oral language skills at school entry. The programme comprises of 20 weeks of intervention during the first and second term of their Reception Year. The activities support with developing the children's vocabulary, developing their narrative skills and supporting their listening and speaking skills. The children are taught through a mixture of group work and on an individual basis. By developing their oral language skills this will help with their literacy development in reading and writing.
